# Letter from The President

To Our Valued Customers,

The Signature Formulations, LLC (SigForm) Team has over 25 years' experience in bringing exceptional all-natural products to the health and wellness marketplace.

Our manufacturing capability covers a wide spectrum of product types including capsules and dietary supplement, liquids, Bio-Identical Hormones, creams, gels and over-the-counter drugs (OTCs). You will find all of these products in this catalog.

SigForm's state-of-the-art FDA registered facility, situated in Phoenix, Arizona, is the heart of our operation where we formulate, develop, test and manufacture all our products. We have the ability to formulate custom products or private label our proven products. We provide private label and contract manufacturing opportunities to develop a new product line or broaden your existing line. I invite you to contact us to discuss your needs and how we can help. SigForm can manufacture Certified Organic and Kosher products too.

This year, 2017, I am proud to announce a new line of CBD products, reformulated B-Complex, Potassium and Product E. You can read more about these invigorating new items inside the catalog.

SigForm will always be searching for new methods, ingredients, and formulations that improve people's health naturally, without chemicals or artificial ingredients.

Whether it is your brand or ours, you can expect high quality, excellent customer support and attention to detail. Signature Formulations is proud to partner with you on your health and wellness journey.

Yours in Health,  
John R. Rose

# About Signature Formulations, LLC

**Signature Formulations, LLC (SigForm)** believes in natural solutions to maintain the body and health. We remain at the forefront of the natural and homeopathic industry.

It is our view that most medicines, especially prescription drugs, are designed to mask symptoms, rather than healing the patient. Our team works together to develop over-the-counter healthcare products that are safe, environmentally responsible and effective. We embrace new technology exclusive to the natural healing market and use innovative delivery systems as part of a holistic approach to healing the body. We believe that proper nutrition and a healthy environment are part of any healing strategy.

Our formulations use all-natural ingredients and Certified Organic sources whenever possible. We use no artificial chemicals or ingredients.

We stand by our **Five Core Values** that guide everything we do to ensure our customers receive the highest quality products.

1. Creating effective natural and environmentally sensitive solutions
2. Using the latest technology to develop healthy products
3. A strictly monitored supply chain from farm to table
4. Using organic ingredients wherever possible
5. Giving back to the community through honesty, compassion, respect and education.

Committed to our values, we work directly with farmers around the world to ensure fair trade and adhere to environmentally friendly practices.

As a member of the SigForm family, you will appreciate our high-quality standards and your satisfaction is guaranteed.

# Private Label Manufacturing

SigForm offers two ways to build your business. **Private Label Manufacturing** and **Contract Manufacturing**. These will allow you to establish your unique brand that creates marketing identity leading to a stronger customer recognition, loyalty and higher profit margins. Our high-quality formulas are proven and tested for years. All you do is add your personalized graphics for the labels, and you have a brand new, profitable line of products!

## Five Advantages of Using SigForm to Create Your New Product Line:

1. **Manufacturing Capacity:** Why build a new facility when you can use ours? Instantly expand your capacity without adding additional space.
2. **Equipment:** We use advanced equipment for every product line for maximum efficiency. Using our facility and production line means you don't incur the costs for new equipment.
3. **Bulk Ingredient Pricing:** For most formulations, we already buy in greater quantities, which mean your costs will be lower than buying alone. We have the experience and the sources to buy only the best ingredients for all of your products.
4. **Turnkey Skilled Team:** We already have highly trained and experienced employees for each segment of production. To hire or retrain staff for an entirely new product line can take months and be very costly.
5. **Focus On Your Business:** Leave the manufacturing to us. By hiring SigForm to produce your new product(s), you can stay focused on the other aspects of your business.

## **Use SigForm to Custom Manufacture Your Unique Formula.**

We can recreate your exact formula or create a new formula based on your goals. Our scientists have all the latest equipment to develop effective all-natural products. We specialize in nutraceuticals including hormones and homeopathic remedies.

### **Our Packaging Capabilities Include:** Liquids

- ✓ Powders
- ✓ Tablets
- ✓ Chewable Tablets
- ✓ Sublingual Tablets
- ✓ Time Released & Enteric Coated
- ✓ Capsules, Vegetarian & Gelatin
- ✓ Effervescent, Tablet or Powder

### **Using SigForm is the easiest way to:**

- Get out of manufacturing and focus on marketing
- Make your “own” products without a facility
- Have an exclusive product
- Launch a new brand

## **Create Your New Brand in Three Easy Steps**

1. Talk with us to understand your needs.
2. Work with our team to develop specifications for your labels and product formulations.
3. Place an order.

# Natural Hormone Solutions

**DHEA 20** - is all natural, bio-identical and pharmaceutical grade. DHEA levels in the body begin to decrease after age 30. Feel younger and increase your stamina.

**Estriol 5.0** - is a hormone vital to balancing a women's system, especially after menopause. Safely reduce the uncomfortable symptoms of menopause with only one pump per day.

**Estrogen 2.5** – Our Bi-Est is the combination of Estradiol (20%) and Estriol (80%), the right balance of Estrogen for your body to function at its best

**Pregnenolone 25** - Pregnenolone improves your resistance to the effects of stress, elevated mood and energy, reduced symptoms of PMS, menopause and improved immunity.

# The Progesterone Solution– Bio-Identical Hormone Therapy

Progesterone was once thought to be exclusively a “female” hormone because it enhances female sexuality. However, this hormone is vital for both men and women affecting a range of body systems including bone density, skin elasticity, respiratory, brain function and repair. Additionally, progesterone can help control excess adrenaline which is responsible for a myriad of health problems.

Women who have low levels of progesterone will have abnormal menstrual cycles and may struggle to conceive. Low progesterone causes excess levels of estrogen, resulting in decreased sex drive, contributes to weight gain and causes gallbladder problems.

## Natural Progesterone Cream ProMax 5%

**ProMax 5%** has 50 mg of progesterone. One pump provides twice the potency of our Progesterone 25. In post-menopausal women, it helps reduce symptoms of menopause and improves skin elasticity and suppleness when added as part of your Bioidentical Hormone Replacement Therapy (BHRT). All natural ProMax 5% is one of the strongest progesterone creams you can buy without a prescription.

## Progesterone Cream 25 mg

In women, Progesterone is critical for healthy menstrual cycles, pregnancy, and embryo formation. In post-menopausal women, it helps reduce the uncomfortable symptoms of menopause such as mood swings and hot flashes. It also improves skin elasticity and suppleness.

Our Progesterone creams come in a 3oz (85g) bottle which yields 70 pumps per bottle for a two-month supply. We never add Parabens or Phenoxyethanol to any of our formulas.

Both Progesterone formulas are made from natural ingredients. They absorb through your skin to help regulate excess levels of estrogen.

## Adrenaline Dominance

Dr. Michael E. Platt is a pioneer in the use of Progesterone to control hormones such as adrenaline and estrogen. His research shows how excess adrenaline causes many common, yet serious chronic health issues such as urinary urgency and bed-wetting, depression, irritable bowel syndrome, insomnia, headaches, addiction and more.

Dr. Platt explains how a combination of bio-identical hormones, nutrition, and supplements can keep your adrenaline levels in control. This book is for anyone with lingering health problems or health practitioners looking for a new and effective way to treat patients.

# CBD - Natural Relief from Pain, Stiffness and Inflammation

**CBD or Cannabidiol** is the most beneficial cannabinoid, making up to 40% of the hemp plant's extract. It is not Tetrahydrocannabinol or **THC**, the chemical that causes the "high" of smoking marijuana. **Our products contain no THC.**

For hundreds of years, people have used preparations made from CBD for a variety of disorders, including gout, rheumatism, malaria, pain, and fever to name a few. CBD works as a natural analgesic pain reliever and has anti-inflammatory properties.

Our CBD oil sources adhere to strict European Organic Farming regulations, using Non-GMO seeds. This is the highest quality, purest hemp oil on the market. We carefully test every batch for exact consistency and potency in our FDA regulated facility.

## All-Natural CBD Products Unique to SigForm.

### **CBD oils – 2 oz./60 mg.**

#### **Glass Dropper Bottles**

Laboratory tested for consistent potency Our CBD comes in two potencies, 250 mg. or 500 mg. Blended with Kosher Glycerin and Grape Seed Oil, the CBD oil absorbs quickly under the tongue. Grape Seed Oil is a natural source of Vitamin E and PUFAs (polyunsaturated fats) like omega-6s and omega-9 fatty acids.

### **CBD Balm – 1.7 oz. Jar**

Our balm lasts longer delivering warming relief for hours. A blend of Pure Hemp Oil and eight other pleasant smelling plant-based oils. Perfect for athletes and anyone with sore muscles. 50 mg. CBD per container.

### **CBD Gel – 3 oz. Pump**

Fast absorbing gel reduces inflammation and pain quickly with triple active ingredients. Our gel combines the natural anti-inflammatory power of CBD with the soothing effects of Camphor and Menthol. CBD Gel helps relieve arthritis pain and sore, overworked muscles.

### **CBD Cream – 3 oz. Pump**

This CBD cream is a cosmetic that softens skin as it relieves minor muscle and joint pain. Each pump delivers 1.6mg of CBD along with MSM, Shea Butter, a unique blend of essential oils, culinary herbs and aloe vera.

### **CBD Muscle Mist – 4 oz. Pump**

Spray on this cooling mist for instant pain relief. The triple combination of CBD, Camphor and Menthol penetrates the skin and delivers soothing relief deep into muscles and joints where it's needed.

### **CBD Toothpaste – 3.5 oz. Bottle**

A proprietary blend of four herbal extracts and seven oils including Tea Tree Oil. This toothpaste helps kill bacteria below the gum line, leaving your mouth fresher much longer than commercial toothpaste. The addition of CBD helps reduce oral inflammation and discomfort. Safe for children and adults, our toothpaste contains no fluoride or artificial ingredients.

# Cosmetic Creams

## Stem Cell Skin Rejuvenation

Plant Stem cells are the latest innovation in the skin care industry. SigForm formulated a proprietary blend of Hyaluronic Acid (a natural moisturizer found in your skin), vitamins and stem cells extracted from the Swiss apple tree (uttweiler spatlauber). Within minutes tiny wrinkles disappear, and sagging facial skin tighten. Our stem cell creams and gels reduce puffy eyes, crow's feet and brow lines. Safe for nighttime or daytime use.

**Eye Gel** – 3 oz. Pump – Reduces puffiness and fine wrinkles.

**Skin Whitening** – 1.7 oz. – Excellent for lightening dark circles under eyes or dark spots on the skin.

**Anti-Wrinkle** – 1.7 oz. – Feel results in minutes, lasts for days. Tightens, hydrates and protects your skin.

### MSM Cream

MSM (Methylsulfonylmethane) is an incredible dietary supplement that provides the body with the fourth most plentiful mineral, Sulfur. Sulfur is fundamental for various bodily functions plus restoring healthy cell tissue in skin and organs.

### OLIVE LEAF Cream

The olive leaf contains a compound called Oleuropein. It is a powerful anti-oxidant twice that of green tea extract and 4X higher than Vitamin C. Oleuropein kills viruses, yeast and bacteria both internal and external.

# Herbal Muscle Pain Relief

Herbal Muscle Pain Relieving Gel™ or Mist™ quickly erases the pain of arthritis and gives fast cooling relief to sore muscles. We use the best ingredients that nature has to offer including a blend of plant oils from Sweet Birch, Cloves, Eucalyptus and Peppermint for a cool, refreshing scent that stops joint pain cold.

All-natural ingredients work with your body to soothe the aches and pains of the day. Herbal Muscle Pain Relieving Gel™ or Mist™ are a proven blend of:

- MSM (Methylsulfonylmethane) - provides sulfur and methyl groups that our bodies need to heal and repair our joints and connective tissue.
- Sweet Birch Oil - effective anti-spasmodic, anti-inflammatory and antiseptic for gout and arthritis.
- Clove Bud Oil – dentists have used this to relieve tooth pain for hundreds of years.
- Eucalyptus Oil – analgesic, anti-inflammatory and recommended for people suffering from rheumatism, lumbago, sprained ligaments and tendons, stiff muscles, aches, fibrosis and even nerve pain.
- Peppermint Oil - calms spasms and muscle cramps with analgesic, anti-inflammatory, and antispasmodic properties.
- Camphor 2% - topical analgesic extracted from the wood of the camphor laurel tree found in Asia.
- Menthol 6% - is an organic compound obtained from peppermint and or made synthetically. An antipruritic, menthol reduces skin itching and works to relieve minor aches and pains.

# Capsules

We make our capsules from vegetables, not animal gelatin so anyone following a vegan, Kosher or Halal diet can take them.

Oleuropein comes from the leaves of the olive tree and is a powerful antioxidant with antimicrobial properties. Each capsule contains 250 mg. of Olive Leaf Extract with 40% Oleuropein.

Women are particularly prone to magnesium deficiency, a mineral that the body needs to create strong bones and lean muscle.

Revitalize Ceramides keeps skin firm by reducing fine lines & wrinkles. Restore moisture and improves skin tone.

Vitamin D3 helps the kidneys regulate the blood's pH level, phosphorus, and calcium for healthier bones. Each capsule contains: Vitamin D-3 5,000 IU & Vitamin K-2 90 mcg

## **\*PHYSICIAN'S STRENGTH\***

Introducing our special high-potency Vitamin D-3 supplement for people with severe Vitamin D-3 deficiency or who need a short-term boost. Use only one capsule per day for a maximum of 15 days then continue with our Vitamin D-3 5000.

SlimDown capsules are a safe supplement. They work well as an appetite suppressant and prevent the liver from turning excess calories into fat. Each capsule contains 60% HCA to increase fat burning.

# Bio-Identical Hormones

“Bio-identical hormones” are defined as compounds that have the same chemical and molecular structure as hormones produced in the human body. Hormones that are not bio-identical do not provide the same total physiologic activity as the hormones they are intended to replace and can produce undesirable side effects not found with the human hormone.

 <p>Item ID: 00020 Presentation: 30x Drop Bottle / 1oz Bottle</p> <p><b>METABOLIC RESET</b></p>	<p>HCG - Human chorionic gonadotropin (HCG) is a hormone that can “Reset” your metabolism to help your body burn fat, reduce cholesterol and regulate blood sugar levels. Just one dropper under the tongue is all you need. Safe for everyone.</p>
 <p>Item ID: 00020 Presentation: 30x Drop Bottle / 1oz Bottle</p> <p><b>ACTIVE RECOVERY</b></p>	<p>HGH – Human Growth Hormone maintains vital bodily functions such as muscle growth, tissue repair, brain development, metabolism and provides youthful energy. Clinically proven HGH slows down the process of aging. HGH users report losing weight and feeling energized.</p>
 <p>Item ID: 00020 Presentation: 30x Drop Bottle / 1oz Bottle</p> <p><b>PERFORMANCE EDGE</b></p>	<p>IGF-1 - Insulin-Like Growth Factor improves muscle growth and energy when combined with HGH. The liver produces IGF-1 with the highest amount during puberty then steadily decreasing as we age. Clinical studies found IGF-1 users had significant increases in energy, strength, muscle tone, stamina, memory and mental clarity.</p>
 <p>Item ID: 00033 Presentation: 30x Drop Bottle / 1oz Bottle</p> <p><b>Vitamin B-12 1,000 mg</b></p>	<p>Vitamin B-12 1,000mg.- B-12 is necessary for efficient, healthy metabolism of fats and carbohydrates. We only use Methylcobalamin in our formulas because it is the natural form and does not require conversion by the liver.</p>

### Vitamin B-12 5,000 mg

Each 1 ml. dropper contains 5,000 mcg of Vitamin B-6, 400 mcg of Folic acid and 5,000 mcg. of Vitamin B-12 as methylcobalamin.

We included the active forms of Folic Acid (Methyl Folate) and B-6 (P-5-P). These are the “Holy Trio” of B vitamins working in harmony to keep you healthy and energized.

# Olive Leaf Products – Bundle

We offer four olive leaf products that complement each other to maximize the benefits of olive leaf per extract.

## Nourishing Rejuvenation for Your Skin

A powerful antioxidant that helps reducing inflammation. Olive leaf extract has been traditionally used to support the immune system. Oleuropein is the main phenolic compound that gives the extra-virgin olive oil its bitter, pungent taste.

Our carefully blended formulas promote a healthy and radiant skin.

## Some of the benefits of taking Olive Leaf Tonic on a daily basis include:

- Reduced severity of colds and flu
- Healthier heart
- Fights free radical damage
- Better immune system and fewer colds
- Faster healing properties due to the antibiotic effects
- Tighter, firmer skin
- Natural Anti-fungal, anti-bacterial & anti-viral

The nose and sinus passages are the air filters of the body. They are the first line of defense against germs and viruses. **Olive Leaf Nasal Spray helps** kill the bacteria and viruses that enter the nose and sinuses.

Olive Leaf Nasal Spray is perfect for travelers and commuters forced into close contact with other people on a regular basis. Each spray contains:

- 40% Oleuropein
- Allium Cepa 3x
- Aloe Socotrina 6x
- Kali Bichromicum 3x
- MSM

# Product “E”

## Natural Vitality All Day (or All Night)

Energy. It's what we need to feel great and get through the day, but without sugar or caffeine. Product “E” is a combination of naturally stimulating ingredients that provide safe, steady energy with added benefits. Product “E” revitalizes you any time of day without the extremes of traditional caffeine-type stimulants.

## The Added Benefit

Product “E” can also stimulate libido in women and help men with Erectile Dysfunction (ED) issues. Unlike Sildenafil, “the Little Blue Pill,” Product “E” helps men naturally, without the harmful side effects.

## Natural Ingredients That Safely Boost Your Energy

### Tongkat Ali- *Eurycoma Longifolia* Jack

Native to Malaysia and Indonesia, Tongkat Ali increases testosterone production. Surprisingly, testosterone by itself does not help much with Erectile Dysfunction. It stimulates the libido and arouses desire in both men and women.

### L-Citrulline

The kidneys convert L-citrulline into another amino acid, L-arginine and a chemical called nitric oxide. It is the nitric oxide that helps reduce blood pressure, increase blood flow to the genital area, increase sexual desire and heighten sensitivity in both males and females. It is also excellent for heart health and good blood circulation.

### Vitamin B6 (We use P5P, the superior form)

B6 helps the body convert carbohydrates into glucose, which the body needs for energy. We use P5P, the *active* form of vitamin B6 which does not have to be converted by the liver to work.

### Vitamin D3

Vitamin D deficiency is a well-known cause of fatigue and muscle problems. We add D3 to boost energy in conjunction with the other ingredients.
